About This Content

This DLC pack contains the Kanji Handbook, a very useful guide to reading and writing 240 common kanji!

The book is designed to be a companion to the *Learn Japanese To Survive! Kanji Combat* game.

Presented in .PDF format. 60 pages.

[LOCATING YOUR DLC ONCE PURCHASED & DOWNLOADED]

DLC files are downloaded to your game's Steam directory after purchase. The default location is:

\Program Files (x86)\SteamLibrary\steamapps\common\Learn Japanese To Survive! Kanji Combat\

If this is not valid on your computer, locate your game's install directory using these instructions:

- Open the Steam client and navigate to your game library
- Right-click the entry for Learn Japanese To Survive! Kanji Combat and select Properties
 - Click the Local Files tab
 - Click Browse Local Files

This will open the game's directory, and once your DLC is installed, you'll be able to view the files.

Title: Learn Japanese To Survive! Kanji Combat - Study Guide

Genre: Adventure, Indie, RPG, Strategy

Developer:

Sleepy Duck

Publisher:

Sleepy Duck

THE KANJI 漢字 HANDBOOK

A beginner's guide to learning Japanese.

Volume 03 of
Learn Japanese To Survive!

KANJI HANDBOOK

STUDY GUIDE

[PDF - 60 pages, 240 kanji]

Kanji

Kanji is the most advanced writing system used in Japanese. Japanese combines 3 different sets of characters to form written works: Hiragana, Katakana and Kanji.

This book focuses solely on Kanji, which can be used to write nearly any word.

This book is the perfect companion guide to the *Learn Japanese To Survive! Kanji Combat* educational game.

Be sure to check out the other books in this series:

Volume 01: Hiragana [Available now]
Volume 02: Katakana [Available now]

This is a review for the DLC study guide, not the main game.
At the time I'm writing this review have only played part of the game.

General info:

- The book lists 240 kanji total, 4 per page
- The kanji seem to be sorted and numbered by the time they appear in the game and in the battle menu
- As you can see in the screenshots there is for each kanji:
 - a) Two pictures: Brush and printed font
 - b) 1-3 english translations
 - c) 0-3 Kun'yomi readings in romaji
 - d) 1-3 On'yomi readings in romaji

Pro:

- Ordered like kanji appearance in game, making it easier to look up a kanji from the battle menu

Cons:

- It's impossible to do a text search because everything in the pdf seems to be graphics and no letters!
- No stroke order and directions, not even stroke number
- The mnemonics from the game aren't in the guide
- Why that wide black bar on the right?
- Because it's not searchable, I think it should have at least alphabetical listings at the end with page number (and link).
That would also be helpful in paper form.

Overall the guide can be helpful for the game if you don't want to make your own notes.

But if you want a study guide to do some serious kanji learning, there are many better guides out there which offer more and better information.
